

CALIFORNIA ENERGY COMMISSION

1516 Ninth Street, MS 45
Sacramento, California 95814

Main website: www.energy.ca.gov

**2016 Building Energy Efficiency Standards,
California Code of Regulations, Title 24,
Part 6 and Part 1, Chapter 10**

Docket No. 16-BSTD-04

**APPROVAL BY THE EXECUTIVE DIRECTOR OF
ENERGYPRO VERSION 7.2.4
RESIDENTIAL COMPLIANCE SOFTWARE**

The executive director hereby approves EnergyPro Version 7.2.4 as an update to EnergyPro Version 7.2 that incorporates the new version of the compliance manager, pursuant to Sections 1.2.1 and 1.3.2 of the 2016 Alternative Calculation Method (ACM) Approval Manual.

On October 23, 2017, the California Energy Commission approved EnergyPro Version 7.2 as an alternative calculation method for demonstrating performance compliance with the residential provisions of the 2016 Energy Standards, California Code of Regulations, Title 24, Part 6, and associated administrative regulations in Part 1, Chapter 10. When the Energy Commission approved EnergyPro Version 7.2, it directed the executive director to, among other things, "review and approve updates, consistent with Section 1.3 of the ACM Approval Manual."

On June 22, 2018, the Energy Commission approved CBECC-Res 2016.3.1 as the public domain software for estimating energy consumed by residential buildings under Public Resources Code Section 25402.1, Subdivision (a), for demonstrating compliance with the performance-based residential provisions of the 2016 Energy Standards.

On July 3, 2018, EnergySoft, LLC submitted an application for approval of EnergyPro Version 7.2.4 as an update to its compliance software to the Energy Commission. The application contained the elements required by Section 1.1 of the 2016 ACM Approval Manual. Energy Commission staff determined that the application was complete and able to be approved.

EnergyPro Version 7.2.4 integrates the revised compliance manager approved by the Energy Commission on June 22, 2018, as part of the Application Programming Interface in the 2016 Public Domain California Building Energy Code Compliance – Residential software, CBECC-Res 2016.3.1.

Information for obtaining EnergyPro Version 7.2.4 is posted on the Energy Commission's 2016 Standards website for approved computer compliance programs:
